YOUR CHILD

Breaking Boundaries

WHY SHOULD YOU AS A PARENT ENROL YOUR CHILD WITH CYBOARD SCHOOL?

We are breaking down those walls that confine a school to a piece of land, an address and a gate that says **NO ADMISSION**. We are bringing premium schooling to your doorstep online.

We are crossing over borders, leaping across hurdles, questioning limits for you and revolutionizing schooling to help every child across India grow up and live dreams.

Yes! we are here for you,
We Are Cyboard School
One Nation One School

Why Cyboard School?

**Innovative Learning
Management
System (LMS)**

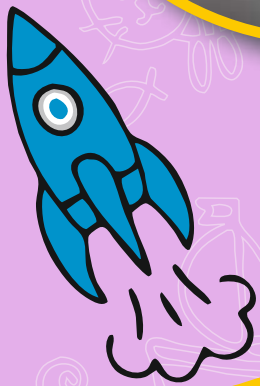

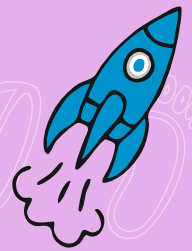

**Two

**Skill Based
Individualized
Learning**

Here For You: CYBOARD SCHOOL

As a parent, your search for a school that offers education that stimulates your child emotionally, mentally and spiritually is now complete. Your greatest wish- to provide premium schooling for your child comes true. Now, every child across India can dream of a bright future with world-class education and holistic development made accessible right at home through us: CYBOARD SCHOOL.

Our Story

Our intent is to provide your child with:

- **World class premium schooling at home**
- **Structured virtual CBSE based education**
- **The experience of Holistic Education**
- **Global exposure by going beyond traditional schooling**

- **Individual attention through Artificial Intelligence (AI)**
- **Opportunity to keep pace with global trends**

We are here to play a role in nation building by contributing to the "Digital India" programme, preparing every child for the future.

Empowering Young Learners

Cyboard School provides a learning platform with the help of AI and immersive tech to help children adapt to 21st-century e-learning methods. Your child will gain in-depth understanding of the CBSE curriculum.

We empower a child's future with confidence and quality to help excel and shine holistically. We help children break boundaries by learning and growing together.

Expanding The Horizon: Our Leadership Team

RAJAT SINGHAL, Co-Founder / CEO

Mr. Rajat Singhal is a successful serial entrepreneur and thought leader driving innovation in the education sector with his visionary leadership. He passionately believes in modernizing the traditional education system and improving its accessibility and effectiveness for all. Rajat is dedicated to providing a world-class education to his students and empowering them with the knowledge and skills they need to succeed in life. His unwavering commitment to inspiring a culture of collaboration and creativity in education has led him to create an innovative Virtual School that offers premium quality schooling, available and immersive for students. As the CEO of Cyboard School, Rajat is leading the revolution in education system and empowering the next generation of learners.

KUNAL SINGHAL, Co-Founder / CTO

Mr. Kunal Singhal is a visionary leader in the field of technology, and his contributions have been recognized both nationally and globally. As the winner of BW 40 Under 40, Mr. Singhal has set benchmarks in the industry, spearheading the growth of tech start-ups through innovative product development. His passion for innovation and technical expertise has made him a driving force for technical advancements of Cyboard School. As the CTO, Mr. Singhal has created a one-of-a-kind LMS, showcasing his commitment to excellence and driving the advancement of the education industry. His entrepreneurial spirit and global outlook continue to inspire and motivate educators and students alike, paving the way for a brighter future.

SUPREET KAUR, Director Academics and Principal

She is the foundation and reflects a formidable vision to make the school reach the zenith of its success. A believer in individual talent, she is dynamic and committed human who has revamped the meaning of online education. She has held positions that demand command, control and organisation.

She comes with around 15 years of experience in teaching and training in corporates like Educomp, XSeed and Pearson India. Supreet has been associated with EI and lead programs like ASSET & MINDSPARK working with schools across the country.

VIJAYSHREE KALANI, Head of Admissions

She is a six sigma and lean certified professional with over 18 years of experience in customer-facing vertices including Customer Service, Sales, Support and Collections. She has worked extensively in the EMEA and APAC regions and possesses strong business acumen. She has catered to multicultural global teams with people from over 80 nationalities.

She is incredible as a business leader, exceptionally talented in fostering partnerships and brilliant at relationship building and is running the Sales & Marketing operations at Cyboard School.

**Dr. N. MADHURI PARTI,
Strategic Advisor**

Dr. N. MADHURI PARTI is a visionary and futuristic educationist. She has a vast experience in setting schools, has started and led various schools and played a vital role in the evolution of the learning experience. She has been with **Educomp** and **Shri Ram Schools** as a **Group Director**. She has also spearheaded **LakshmiPat Singhania Education Foundation**.

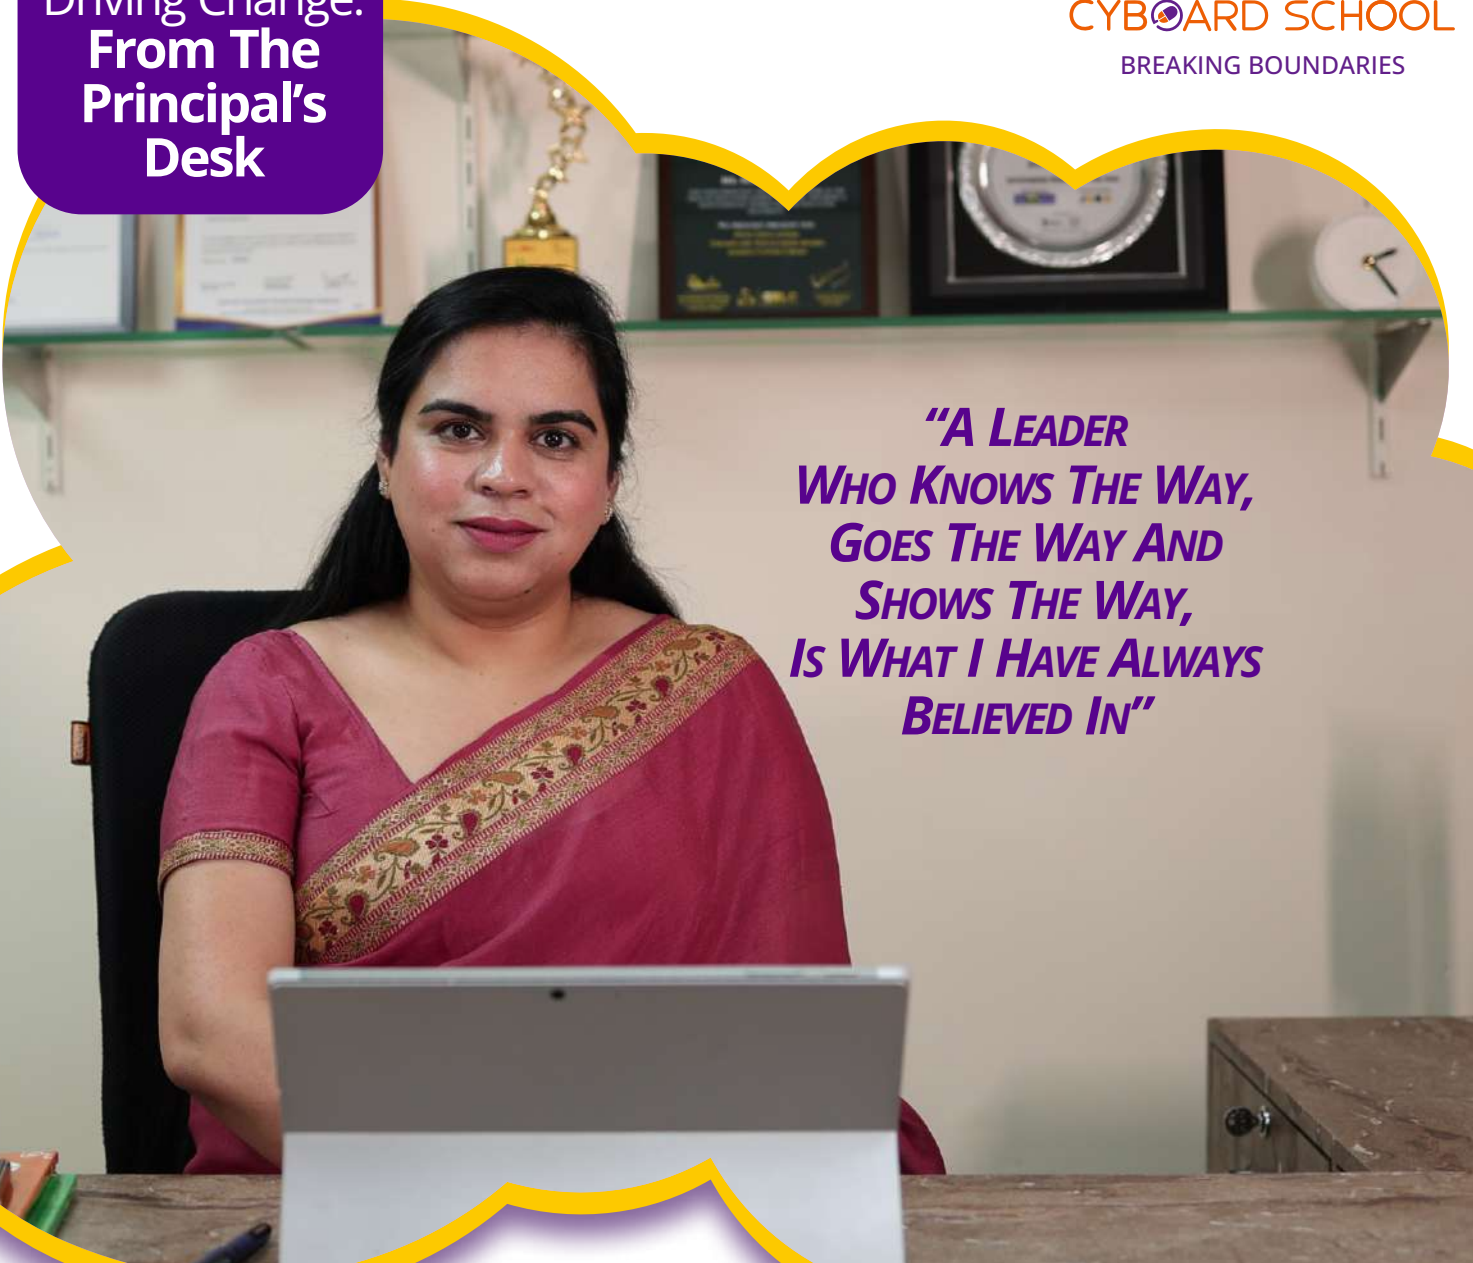

With an experience of over **three decades**, she has been actively involved in building learning environments, developing out of the box curriculum and promoting experiential learning. She has brought a paradigm shift in the learning framework and executed the 21st century learning methodology, which includes collaborative learning; adding creativity, innovation and honing the critical thinking and problem-solving skills of students.

She is focused on producing creative and innovative thinkers by providing key insight for educators, Parents & Students. She has trained over 10000 teachers, over 2000 school leaders and over 600 employees from various corporates within the country and globally.

She has been honoured at National and International levels –

- Received the “International Professional of the Year” award by the International Biographical Centre, England
- Featured in the “Marquis Who's Who” book, honouring successful individuals from different spheres of life
- Received the “Doors to Diplomacy Platinum” Award by the U.S. State Department at the **White House**
- Received the “Excellence In Education” Award by Rajiv Gandhi Education foundation

"The future of education lies in a personalized approach to learning that nurtures a student's unique strengths and interests, and empowers them to become lifelong learners. In a Virtual School, this can be achieved through a guiding framework that encourages students to ask questions, fosters a creative mindset, and applies design thinking principles to problem-solving. By embracing these strategies, educators can unlock the full potential of every student, and prepare them to succeed in an ever-changing world."

***"A LEADER
WHO KNOWS THE WAY,
GOES THE WAY AND
SHOWS THE WAY,
IS WHAT I HAVE ALWAYS
BELIEVED IN"***

**Mrs. SUPREET KAUR,
Director Academics and Principal**

"Cyboard School is our dream project through which we have been able to bring into existence a new age education based on Single Virtual Classroom, where children of all age groups and from all sections of society are able to Interact & Learn in a one-click platform from the best ever teaching faculty hand picked from all over the country.

By unifying Global Curriculum with an independent learning mechanism, we have successfully achieved our goals of bringing the best quality education to one and all. We have successfully removed the divide of accessibility and performance to give every child a secure and safe learning environment."

PASSION
WITH
ACTION

The Dream
That Inspires:
**Our
Mission**

Our goal extends to breaking boundaries and strengthening the concept of "Every child has a right to education" through well-rounded pedagogy and cutting-edge AI-integrated platform to impart CBSE-focussed curriculum.

We are on a journey to craft a refined system that makes quality education accessible to children across the nation.

We believe that children when given a plethora of opportunities to showcase their talent with world-class education right at their finger tips, become smart & independent to face any life's challenges.

The Purpose
That Motivates:
**Our
Vision**

Our vision extends to stimulate early childhood learning by setting a global standard in quality schooling.

We strive to create an environment for children to articulate and value knowledge so that we can prepare them for the rapidly changing world and adjust accordingly to it.

Through the use of emerging technologies, Cyboard School proudly enables every child to have a robust foundation for them to succeed in the future.

As they say "Education is the key to a child's future".

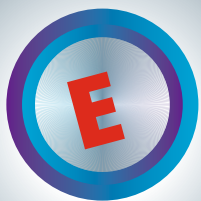

Giving Your Child: The Edge That Matters

Excellence, Diversity, Growth and Empathy are the four pillars of our EDGE Philosophy.

Cyboard aims to instil these core values in students by utilising the best teachers, quality curriculum and cutting-edge technology to help them grow holistically.

THE EDGE

GIVE

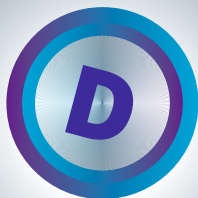

EXCELLENCE

Let children unlock the virtues of excellence in becoming the best, setting them on the path to focus on all aspects of their lives. The effort and desire to learn shall help them grow in a real progressive environment.

YOUR

DIVERSITY

Children when given equal & uninterrupted access and opportunities in a diverse classroom tend to scale greater heights. Positive classroom foundations serve competently for culturally responsive growth.

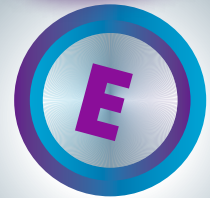

CHILD

GROWTH

Instilling a growth mind set in children and making them work towards it is essential in today's era. This can mean constructing ideas, facing challenges and discovering solutions together.

EMPATHY

Empathy makes children develop a tendency of being naturally caring towards others. Its significance gets reflected when children build a stronger sense of security and strong relationship with others.

Nurturing Dreams With Our School Pedagogy

Introducing School 4.0

Integrating technology with CBSE Curriculum, Activity Based Learning and Collaborative Problem Solving are the primary features of the Education 4.0. Using technology as a facilitator by transforming physical classrooms into digital, giving hands-on learning is the top priority. This is where Cyboard School plays a major role.

The AI-integrated platform helps parents assess their child's progress independently. Teachers, with a single click, can decide whether to enhance the learning experience of a particular child and take necessary actions if required.

School 4.0's ultimate goal is to help children prepare themselves for a future that is arriving faster than one can think. The world tomorrow needs future leaders who would be valuable contributors to the nation's economy.

Cyboard - The Future-Ready School

We believe in imparting education in classrooms which opens up a world of knowledge for our students. We take pride in helping all our students become supremely confident as they discover unique abilities, develop their full potential and learn how to shape their future. We nurture future innovators and give them all the support they need.

CYBOARD SCHOOL
BREAKING BOUNDARIES

At Cyboard School, we excel in helping children develop the right attitude to become contributing citizens of the world. We do this by enhancing their PSY-Q.

PSY-Q is the right mix of Intelligence (IQ), Emotions (EQ) and Social conduct (SQ) that results in their Growth (GQ). This seeds a positive attitude towards life helping every child to eventually grow into a happy human; and happy humans make great leaders!

THIS IS HOW WE HELP CHILDREN DEVELOP THEIR PSY-Q

INTELLIGENCE QUOTIENT (IQ)

The intellect to comprehend tasks, goals and ambitions with focus in both personal and professional life for achieving excellence in all they wish to do.

SOCIAL QUOTIENT (SQ)

The ability to respond towards people, environment, cultures and the creation with a welcoming heart that recognizes diversity in the world.

GROWTH QUOTIENT (GQ)

The ability to implement the true essence of living life with positivity, enthusiasm, partaking and hope to achieve growth in every pursuit.

EMOTIONAL QUOTIENT (EQ)

The inward balance to feel situations and therefore becoming compassionate towards one and all by showing empathy.

The future of the world will resonate with the character of those who take the lead. Only multi-dimensional personality development promises the world with great leaders of tomorrow – YOUR CHILD!

WE HELP CHILDREN
BECOME LEADERS THROUGH PSY-Q!

MEET OUR TEACHERS

Our teachers come with years of experience in teaching children. They are handpicked subject matter experts who practice 'Experiential Learning' to develop a child's interest, passion and the motivation to study.

The teachers at Cyboard School believe that education lies much beyond the world of books. They believe that education is a mixture of idea, innovation, planning, strategy, activity and action, all compiled or brought together in a methodology that delivers the true essence of learning by imparting experience.

Therefore, our teachers don't just teach children, they help them experience concepts, ideas and insights through the process of 'Experiential Learning' and this is incorporated in every class at Cyboard School.

Our teachers motivate children to help each other, respect each other, know each other,

understand each other and also appreciate each other. In this way, our teachers are the torch bearers of our EDGE philosophy.

They practice positivity, enthusiasm and are passionate about every child's development. For them, their success and happiness lies in seeing children step forward, speak up, partake in discussions and conquer all inhibitions in their minds.

At Cyboard School we are on the mission to drive change in education through the greatest strength we hold and pride upon - Our World Class Faculty Of Teachers - who are Breaking Barriers as we speak, this moment, NOW!

OUR SCHOOL TIMINGS

**Duration of Class:
40 minutes**
